PERILS OF THE WILD

A TEN EPISODE ADVENTURE PICTURE...FEATURING JOE BONOMO

EPISODE ~~5~~ **6**.....THE JUNGLE TRAIL

Emily remembers that there is to be an eclipse of the sun at noon and so keeps the superstitious pirate crew enthralled with the spectacle while she unties the bonds for Fredrick, with whom she escapes. Coming to their senses, the pirates pursue.

Emily and Fredrick go through a deep cave where they see a frightened elephant. The great beast is being tormented by a little skunk which they shoo off, thereby winning the gratitude of the elephant, who pushes away an enormous boulder which blocks their escape, then carries them on his back through the jungle. The pirates who have followed Fredrick's footprints to the cave entrance are afraid to enter when they see the elephant prints. They round the hill, hoping to beat Fredrick to ~~the~~ the Robinson camp in order that they may rifle the stores of powder and flintlocks. Sir Charles falls in the tracks of the elephant and the big beast walks over him.
